

***Criminon's results speak  
for themselves...***

Statistics have shown wherever the Criminon programs are initiated, criminal behavior and recidivism go down, often by a large percentage.

***The Criminon Aotearoa Team:***

Criminon Aotearoa is manned by a dedicated group of volunteers. One of whom is a graduate of the program himself. Six years after release, he is still donating time to give back to the program which in his own words:

***“saved his life”.***

Addressing the causes of criminality by restoring the individuals self-respect through education and common-sense programs.

## In Their Own Words

This course has put me back on track. I'm slowly gaining my common sense values back each day I practise them. I got myself up to be able to live a stable, productive, happy life. I am looking forward to the next courses because I know they will only add to my understanding of purpose in life and the positive direction I have been enabled to take. This course has helped me see what really gives me happiness, free my mind and start making a new beginning."

—A.W., 2019, after completing The Way to Happiness Course

Not only have I learnt about drugs and their effects... I've been given a good insight into my offending. I heard of the assistance you provide through fellow inmates. Once I ran over the material I knew this course would be of much support. I am pleased to say I recommend this course to any person who could be in similar position as I am. It's given me a new outlook on the way I perceive drugs and in [the] future I will take much better consideration to my actions."

## Criminon Means "No Crime"

Our philosophy is: "There is no person alive who cannot make a new beginning." - From The Way to Happiness

By assisting the individual to be responsible for their actions, those in the criminal justice system can become ethical and productive citizens.

Criminon is dedicated to addressing the causes of criminality and restoring the criminal's self-respect through education utilizing a series of 5 correspondence courses.

We provide these 5 courses for inmates in New Zealand prisons. Though not limited to those only or currently in prison.

We offer these courses free-of-charge, by way of donations made to the Criminon program, to all prison inmates who apply.

With the correspondence courses, any inmate can reap the benefits of the Criminon program, and can restore his self-respect, self-trust, and learn to live with honesty and integrity.
